CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

DEDICATE NEW AIRPORT SEPT. 11

Suit Is Brought To Secure Right-Way Bacom Point Road

Condemnation proceedings were launched in circuit court Thursday by Palm Beach county against a number of individual defendants, as well as companies, to acquire land for construction, in cooperation with the State, of State Rd. 717, known in Pahokee as Bacom Point Road.

Suit in many cases does not mean that property owners refused to sign on the dotted line, but, that suit was necessary to clear title so that the State Road Department would accept the right-of-way. Only one or two cases remain where the property owners refused to sign.

Defendants named are: Jerold V. Emerine, Mary Sloops Collins, as administrators of the estate of Amanda B. McDowell, W. M. Tommie DuBose; Esther C. Levins, as administratrix estate of L. J. Levins; B. W. Wood, William Bloom, L. T. and Lula Keen, E. E. and Mary Louise Bishop, Everglades Savings and Loan Ass'n. of Belle Glade, American Mortgage and Finance Corp., Orange State Oil Co., Andrew E. and Pearl H. Culberson, John Deere Plow Co., Swift and Co., Carolina Chemical Corp., and the Pennsylvania Railroad Co.

Freakish Storm Hits Bacom Point Section On Sunday

A freakish storm, described by some who saw the clouds approaching as a small "twister," struck with sudden fury in the Bacom Point Road area of Pahokee Sunday around 4:15 p. m., playing havoc to fruit trees and causing some roof damage where it hit with full force.

The storm was accompanied by hail, lightning, torrential rain and wind estimated as high as 80 miles an hour for a very few minutes at the height. At the L. W. Armstrong home on Bacom Point Road a plum tree eight inches in diameter was twisted off a short distance above the ground, a solar water heating system was destroyed, heavy fruit such as grapefruit and avocados were stripped from the trees and shingles were blown from the roof.

From Bacom Point Road the twister moved eastward causing some damage along Belle Glade road before losing its sting in the outlying farmlands. Several pine trees on Conners Highway were toppled over by the blow.

Mr. and Mrs. Lloyd Hundley had as weekend guests Mr. and Mrs. Robert Apeltzen, Miss Ruby Jane McClure and Miss Margie Daniels of Coral Gables and Miami.

Former Resident Is Killed In Crash

Kenneth R. Moutz, a former resident of Pahokee, was killed in an airplane accident near Sheffield, N. C., on Thursday afternoon, July 28, according to word received by Mr. and Mrs. Harry L. Waldschlager.

It is reported the plane Mr. Moutz was piloting at the time of the accident struck a high voltage electric service wire, crashed and was immediately enveloped in flames. He made many friends in this area when he and his brother, Bill Moutz, operated an airplane crop dusting service here three years ago.

Funeral services were held in Lakeland on July 31.

Recreation Plan Proves Popular In Town Of Pahokee

The summer recreation program sponsored by the city of Pahokee in the city park is proving very popular to local residents, according to a report given by Clyde Alley, city recreation director, at the Tuesday luncheon meeting of the Pahokee Lions Club.

Hundreds of children and many adults enjoy the cool waters of the Community Swimming Pool and scores are learning to swim or are improving their swimming technique at the swimming classes being conducted at the pool week-day mornings under the direction of trained Red Cross instructors, he said. The Tuesday and Friday night games of the local softball league, are also providing entertainment to a large group of teenage boys and young men and are attracting large crowds of spectators. Mr. Alley reported.

Lt. Dickey, stationed by the Salvation Army in West Palm Beach was also a guest speaker on the luncheon program. He announced that instead of operating summer camps for underprivileged children this year the Salvation Army is planning a series of beach picnic parties for the children who will ride to and from the parties in busses furnished by the Salvation Army. The boys and girls committees of the Pahokee and Canal Point Lions Clubs will cooperate with the Salvation Army in making arrangements for children in this area to attend the parties. Rupert Mock is boys and girls committee chairman for the Pahokee Club and Delmar L. Hooks, for the Canal Point Club.

REVIVAL MEETING

Clyde Rodgers, nationally known evangelist, artist and singer, is conducting a series of revival services at the Church of the Nazarene in Pahokee. The services start each evening at 7:45 and will continue through Aug. 14. The public is cordially invited to attend.

Miss Evelyn Clay Wins First Prize In Talent Scout Show

The greatest crowd ever seen in the Prince Theatre unanimously acclaimed Miss Evelyn Clay, who presented a novelty acrobatic act that had the crowd applauding trick after trick, the grand first winner in Malcolm Miller's Talent Scout Show Finals, held Tuesday night.

Two Jacks and a Queen, who presented a novelty melody came in undisputed second winners. This trio was made up of Miss Patsy Maxson at the piano, Leland Shirley with Saxophone and Dwight Geiger on the drums.

The show opened with John Ogil playing a selection on the harmonica, which was well received. Jackie Sullivan was second up. His offering on an electric guitar was "It's A Sin," which went over in a big way. We will be looking for this young man on "The Grand Ole Opry."

Patsy Maxson came to the piano and gave out with "The Original Bogey Wokey," which rocked the house with applause.

Stiggs and Coleman came to the "mike" and offered "Peach Tree Street Bogey" on electric guitars, which zoomed the applause to new heights.

Charles McCurdy went to town with "Clarinet Polka" and came in for a nice round of applause.

Joyce Lovell, artlessly rendered "Forever and Ever" at the piano, displaying unusual talent for her age.

Myra-Jones captured the hearts of the crowd with her "On a Slow Boat to China," unstinting, applause being her reward.

Tillis and Holmes, "Hot Lips and Jasper" brought the house down with laughter with their delivery of gags and nonsense, closing with the audience clamoring for more.

Emmet Holt, President of the Lions Club, Mrs. M. I. Keen, first Vice President of the Woman's Club and Perry Duke, Commander of Fred and Percy Mansfield Post 90, American Legion, were the judges.

Miss Clay received the Admiral Radio offered by the Glades Mercantile Company, and the silver engraved loving cup, offered by Parish Jewelry. Two Jacks and a Queen were presented with a U. S. Savings Bond.

Mr. Miller announced that he is bringing over five acts of Belle Glade talent winners for next Tuesday night.

It was also announced that Uncle Harvey will bring his troupe to the Prince Theatre for a one night stand Tuesday, August 23rd.

Rev. and Mrs. Ralph W. Toth and children left Monday for Texas where Mrs. Toth and children will spend two weeks visiting relatives while Rev. Toth is away on a U. S. Naval Reserve cruise.

Bass Horn Blower Needed For The Band

The summer music school for students of band instruments, which has been conducted at the Pahokee school auditorium for the past several weeks under the direction of Robert O. Lampi, will close on Aug. 12, according to Mr. Lampi.

Mr. Lampi reports that all classes have made satisfactory progress and of the class of 25 beginners he expects to have at least half playing in the band by the time the football season opens in the fall.

Vacancies in the band due to graduation or other causes have all been replaced except for the bass horn player. Any student interested in joining the band as a bass horn player is urged to contact Mr. Lampi immediately.

Hospital Readied For Occupancy In Next Few Weeks

The new hospital in Pahokee will soon be ready for occupancy, according to an announcement by a board official yesterday. New equipment has been ordered by the board and several weeks will, in all probability, elapse before the equipment can be secured and placed in the hospital.

The City of Pahokee this week has a crew of workmen, under the direction of Street Supt. Marvin Cowart, clearing the lot and getting it ready for beautification.

County Commissioner Paul Rardin and his county road crew will fill in the lot with muck and marl within the next few weeks. Several hundred yards of fill will be necessary to bring the lot up to road level. The hospital floor is on a level with the state highway and naturally the yard should be filled in to this level. Muck and fill for the hospital lot will be hauled by county trucks from the county pit near the state market.

If present plans of the city council and the hospital board work out, the hospital will get an expert job of landscaping instead of a haphazard job as usually goes when work is donated. Tentative plans call for employment of a landscape specialist from one of the large landscape companies on the east coast to oversee the job of landscaping. The hospital is a beautiful building and its handsomeness can be enhanced materially if an expert is employed to place shrubbery and trees in proper manner. Nothing looks worse than a landscaping job done by an amateur.

Mrs. John A. Dulany, Mrs. Duncan Padgett and Mrs. Emma Wheeler, officers of the Pahokee First Methodist WSCS, are attending the School of Missions being conducted at Florida Southern College in Lakeland this week.

The official dedication date for the recently constructed Palm Beach County-Glades Airport located on Bacom Point has been set for Sunday, Sept. 11, according to County Commissioner Paul Rardin. Officials of the Palm Beach county aviation division, working in conjunction with the Board of County Commissioners, will work up plans for the dedication and an unusually attractive program is in store for that day.

Tentatively plans call for a visit to the airport by dozens and dozens of aviators from all over the state of Florida. They will begin to arrive at the airport at ten o'clock in the morning and at the noon hour a dinner will be served for them, possibly in the woman's club building in Pahokee. Transportation of the aviators from the Bacom Point Field to the club house is being arranged.

Another highlight on the program will be the presence of an Eastern Airlines airliner which will throughout the day be visited by all who are in attendance. Another highlight will be the presence of a National Airlines DC-6 which will mark the first appearance of a four motored plane in the Lake Region.

Invited to be present and act as master of ceremonies is none other than Zack Mosley, creator of "Smilin' Jack." Mr. Mosley is an aviation enthusiast and is always generous with his time and talent in dedicating airfields or doing those things which are for advancement of aviation.

A full and complete program is being arranged in keeping with an airport dedication and will be made public just as soon as it is completed. The entire personnel of the county aviation division will work to the end that the dedication day program is a big success.

Tom Watson Talks To Canal Point Lions

Tom Watson, Jr., head of radio station WSWN in Belle Glade, was guest speaker at the regular dinner meeting of the Canal Point Lions Club Monday night. Mr. Watson gave an interesting talk on "Our Government."

Miss Patsy Maxson was received as an honorary member of the club. She will serve as club pianist and was inducted into Lionism by Frank Rozelle, a member of the Pahokee Club, who was a guest. Several other members of the Pahokee Club were also visitors. President A. R. Harrington presided at the meeting.

DR. SARTORI'S BETTER

It is reported that Dr. G. B. Sartoris, who has been quite ill for the past 3 weeks, is somewhat improved and he was to be transferred this week from Cheverly Hospital to his home in College Park, Maryland. His condition is such however, that he will have to remain quietly at home for 2 to 3 months convalescing.

Unemployment Grafters

Florida's unemployment chislers, one by one, are being detected and prosecuted. Those who draw money at the same time they are working have been convicted of fraud. Some have been given the opportunity to make restitution, others have been sent to jail. It is a step in the right direction.

Unemployment compensation was set up to act as a cushion for the jobless; as a means for an honest worker to keep while in search for another job. The system is supported by payroll taxes which, like all other taxes, must be paid for by workers in the cost of the goods which they buy. The compensation chisler is stealing from the workers.

The next step against compensation chislers must be against those who use the benefits to finance a pleasant idleness at the expenses of those who work. These chislers cannot be accused of legal fraud. No showing can be made that they claimed compensation while actually employed. But a moral fraud exists. Every weekly check drawn in compensation by a wilful idler is theft from the consuming public which actually pays the bills. The only answer here is the tightening of the follow-ups; the weeding out of those who can work but just don't want to.

Chairman Raymond E. Barnes, of the Florida Industrial Commission, has sounded the alert signal and has promised vigorous prosecution and reprisals to those who draw weekly benefits; those who try to evade either the legal or moral intent of the law. He realizes that the situation must be met by the honest workers who are willing to work, and by the general public, both of which should recognize their responsibility and report known cases direct to the commission.

Thus far Florida has made a favorable record—below the national average in fraud cases. The national average is one-half of one per cent; Florida's average is under three-tenths of one per cent. This average can be reduced, however, by cooperation of all who are interested in law enforcement.—Waucaula Advocate.

Dry Corn Harvest Running About Car A Day In South Bay-Okeelanta Area

Three car loads of shelled corn left South Bay last week to mark the beginning of the summer harvest of dry corn in this area.

The corn was mostly of the Big Joe variety which was developed at the Everglades Experiment Station as particularly adapted to climatic and soil conditions of the Lake Okechobee muck farming region. Some white tuxpan corn was also coming in last week.

Growers putting dry corn on the market last week are Frank Anderson, J. C. Campbell, Bowen & Walker, all of whom are farming in the South Bay-Okeelanta area. The corn is being processed at the South Bay Grain plant which was converted to corn during the summer of 1948. The corn is shelled, weighed, dried and loaded to the car in bulk by means of an elevator at the plant.

Growers are paid FOB the platform according to weight of the shelled corn, 56 pounds to the bushel. Price last week was \$1.15 per bushel.

Mr. Anderson states that the early corn is of excellent quality and the yield per acre is gratifying, more than last year. He expects the dry corn harvest to last through the month of August with an average output from the processing plant of one car per day.

CARD OF THANKS

We wish to sincerely thank each and every one who offered consolation in words during the death of our son, Maurice Kenneth Angel. We shall always remember the acts of kindness and the many beautiful floral offerings. We are deeply grateful to each and every one who helped in any way to make our burden lighter.

THE ANGEL FAMILY.

Mr. and Mrs. W. G. Hull have returned from a 10-day visit in Hendersonville, N. C. Enroute home they also visited their daughter, Mrs. Genevieve Wilson, and children in Colquit, Ga.

From where I sit... by Joe Marsh

Specs And I See Eye To Eye

Asked Specs Allen to go hunting last week. Known him all my life, so I wasn't surprised when he showed up with no gun. Specs doesn't like to kill anything.

Couldn't ask for a better hunting companion, though. We tramp around the woods, and whenever the dogs flush a bird, I blaze away while Specs just watches.

Told him once I was surprised he went along... feeling the way he does about shooting anything. "Well, Joe," he says, "you do what you think is right and I'll stick

to what I think is right. I've no call to dislike you for not seeing everything the way I see it."

From where I sit, open-mindedness is a wonderful quality. There are plenty of things Specs admires that I don't care for. Like his fondness for buttermilk. I'd rather have a glass of beer anytime... but Specs Allen and I don't let little differences get in the way of something big like friendship.

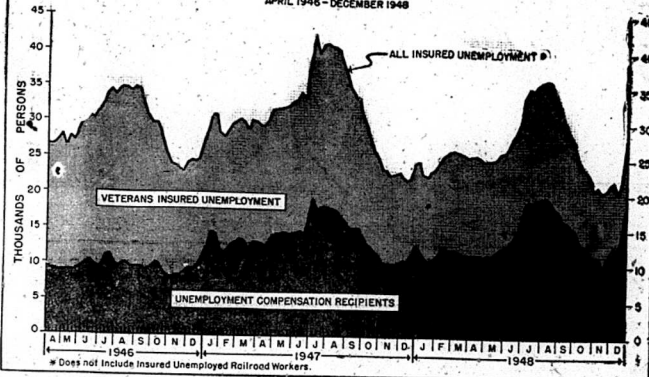

Joe Marsh

INSURED UNEMPLOYMENT

FLORIDA

APRIL 1946 - DECEMBER 1948

Insured unemployment under the state law increased from 18,200 on January 1 of this year to 27,200 for the week ending July 8, according to the Florida Industrial Commission. Servicemen's benefits will be drastically reduced as the Servicemen's Readjustment Allowance program was terminated for most veterans July 25. It is estimated that approximately 30 per cent of these veterans can file eligible claims for regular unemployment compensation.

Oldest Grocery In Glades Is Closed

Parkinson's, Inc., announces this week the closing of the grocery department of their general store in Moore Haven, the oldest grocery in the Everglades. The space occupied by the grocery and meat department in the store will be taken up with a more complete display of hardware items.

It was late in 1919 when C. V. Parkinson, who had just been discharged from service with the U. S. Army in the first World War, came up from his home in Alva to look over the town of Moore Haven on the muck lands of the Everglades. While here he learned that the D. T. Lockett store was for sale, a grocery and dry goods store which was located across the street from what is now the Signature Inn and decided to begin his business career here. It was the first of January of 1920 that he began operating this store.

The following year, in the spring, he purchased the present store which was then operated by Mr. and Mrs. John J. O'Brien and began to move his stock from the old store to the new one. Then came the disastrous fire of that spring and the old store was destroyed, along with fifteen other buildings along Main Street but the fire burned itself out before damage was done to his new location, and the business has been operated in this location during all of the intervening years. Another critical period came during the 1926 hurricane when great damage was done by water to the store stock.

Mr. Parkinson branched out in 1922 to open the first store in the new community of Clewiston, soon after the railroad had been extended from Moore Haven to that place. For several years this store was operated on the ridge under the management of the half owner, Tom O'Brien, before Parkinson

purchased O'Brien's interest and moved the store to its present location.—Clewiston News.

Cinematic Chatter

By Malcolm Miller

George Brent has an unusual starring role in the beautiful technicolor story by Zane Grey, "Red Canyon", which is to be shown on the screen of the Prince Theatre, this Sunday-Monday. He portrays the hard and relentless Mathew Bostel, father of Ann Blythe, a headstrong daughter that only one man could tame and he happens to be Howard Duff, one of Hollywood's best young talented actors. "Red Canyon" tells a great

story with a gorgeous background of technicolor beauty that is breath-taking in its vivid interpretation of the grandeur and greatness of the great West when the oil lamp was the one means of illumination and the horse was the implement of travel for the outdoor man or woman.

I am sure you will enjoy every single moment of this delightfully casted and directed story "Red Canyon".

See you at the movies—Mal.

Rev. and Mrs. A. J. Lively and children moved Tuesday from Pahokee to Sebring where Rev. Lively will assume his new charge as rector of the Episcopal Church in that city.

Attorneys for the Administrator,
Belle Glade, Florida.
Publish: Aug 5, 12, 19, 26, 1949.

Let these 3 gentlemen send your son to college!

If you start collecting these three faces today, they can send your son to college.

For these are the faces that appear on three of the U. S. Savings Bonds. Cleveland on the \$100 bond. Jefferson on the \$50 bond. Washington on the \$25 bond.

Collect one, two, three of these bonds every payday, and you'll have the money you need (in years ahead) to send your son to college. Or take your wife on trips. The money you need to buy that house, that boat, that second car.

For the money you put into U. S. Savings Bonds has a pleasing habit of making more money for you. At the end of ten years, when Bonds mature, you'll find that you collect four dollars for every three dollars you've put aside. And since

they are backed by the government of the United States, it is the safest investment any man could make.

The most wonderful part of it all, though, is the fact that you hardly miss the money you're saving when you join one of the two Automatic Savings Bonds Plans. For these two plans are painless, completely automatic. Your bank or place of business handles all the details.

So start making good friends with those three very famous gentlemen whose pictures appear on U. S. Savings Bonds.

Ask today about the Bond-A-Month Plan or the Payroll Savings Plan. They're the simplest, surest ways ever invented to save money.

Automatic saving is sure saving— U. S. SAVINGS BONDS

The Sawgrass Special

Now that the camping trip is over and the gear stored away for a future date, we will have to gab about other people's business. Speaking of a vacation . . . if you are not able to go to the mountains you are hereby invited to spend a week or two in the bank . . . cool, comfortable and quiet . . . brand new pens there and you can use the back of the counter checks to write on . . . if you wear your sun-glasses the scenery is not too bad . . . don't know why Harry did not build that place years ago . . . sitting in the chairs is very restful . . . but when you try to stretch out on one of those leather loungers for a snooze some messy employee . . . always comes around and wants you to take your shoes off . . . overbred . . . There is one good thing about being in the banking business . . . you do not have to give your employees a vacation . . . they are on one.

We sure had one social break this summer . . . we got to hobnob with the "Shirt, Short and Snapper Society" of Ft. Myers Beach . . . that's a rugged deal . . . they shake you out of the bed at six in the morning, shove you into a boat and go dashing around the Gulf of Mexico and some of its islands . . . you are out there, in the boiling sun all day trying to outsmart a fish and showing the sandflies you can take it. At dark you come in, clean your fish and go to somebody's cottage for supper . . . there you will find the place infested with Pahokee people choosing up sides and lying to each other about the day's catch. If you are slippery enough you can get to bed by midnite, but come six a. m. Capt Sandbar shakes the bed and you are off to show your ignorance again . . .

There was a nice affair at the Woman's Club Sunday afternoon . . . Elliotts, flowers, Elliotts, punch, Elliotts, cake, Elliotts, gifts and many fine people . . . Two very grand persons—Mr. and Mrs. J. B. Elliott . . . been married fifty years . . . Mrs. Elliott must have put up with a lot during those years . . . wish Paul Bardin was in town, I'd phone him and see if it is alright to call a man what he is in print . . . one thing for sure—Uncle Ben is not and never was a horse thief . . . everybody knows him . . . you can't come in or get out of town without passing the shadow of his big hat and pipe . . . any-

time she wants to get rid of him and needs some help all she has to do is call me . . . I'll either be here or in Chattahoochee . . .

Just about everyone left in Pahokee turned out to wish the Elliotts well . . . several people from out of town too . . . found Davis and J. W. hiding behind the palms . . . don't know whether they are classed as in-laws or out-laws . . . eneyway they were hiding because they were afraid they would have to wash the dishes . . .

Vegetable Group Will Hold Trade Fair In Sarasota

ORLANDO—The Florida Fruit & Vegetable Association will hold its annual convention this year in Sarasota, on Oct. 13 and 14. As an added attraction the Association will sponsor a Trade Fair in conjunction with the convention, which will consist of 35 beautifully appointed and decorated exhibit booths in which suppliers to the industry will be able to display their services and products to more than 300 growers and packers of Florida.

The exhibit booths will surround the meeting area of the Municipal Auditorium and will be managed by Jack Gordon, who has successfully managed conventions and trade fairs throughout Florida.

The exhibit booths are expected to be popular with Association

members who will be able to examine the products and services first hand, as shown and explained by exhibitors' representatives in the booths.

The Mattie Chastain Class, First Baptist Sunday school, met recently at the home of Mrs. W. G. Hull with Mrs. Kathryn Barnes acting as hostess. Mrs. Barnes, as president of the class, also presided at the business session. Rev. H. H. Shirley, Miss Walta Nell Hull and Mrs. Marvin Unwin were guests.

Mr. and Mrs. D. W. Young have as guests their son-in-law and daughter, Mr. and Mrs. Ronny Bowe, and daughter, Ronda, of St. Augustine.

Miss Pauline Davis has returned to her home in North Florida after a two weeks' visit with her brother and sister-in-law, Mr. and Mrs. Louis Davis, in Pahokee.

Mr. and Mrs. W. H. Clark have returned from a two weeks' visit in North Florida.

State Must Dig Up Thirty Million Dollars For Its Share Flood Control

Formal request to the State of Florida for \$30,602,000 for construction and land costs in the overall flood control program, for an estimated 10-year period was made Monday by the Central and Southern Florida Flood Control District (FCD).

The resolution approved by FCD requests the State Board of Conservation to approve the payment to FCD for paying construction costs and costs of acquiring land in Broward, Dade and Palm Beach counties for use as water storage areas. It pointed out that the total estimated cost allocated to FCD for providing the lands for water storage areas is \$1,450,000.

The resolution points out that the total cost is estimated at \$208,135,000, "of which the local contribution to construction costs is estimated to be \$29,152,000."

The State's contribution of 15 percent to match the Federal grant will cost \$3,250,000 in the first biennium, according to the resolution. W. Turner Wallis, secretary, said the \$3,250,000 was included in the appropriation bill enacted by the recent Legislature.

The FCD board also approved a resolution assuring Army Engineers of full local cooperation in the flood control program. Mr. Wallis explained this resolution was necessary in answer to a request from the U. S. Engineers to meet provisions in a House document passed by the 80th Congress.

Priority for work in the Kissimmee, Caloosahatchee and St. Johns Rivers area and the Central East

Coast, in view of possible hurricane and flood emergencies, was asked of US Engineers in a resolution presented by Joe Earman, Vere Beach, board member, and approved by the board.

The resolution asks the Engineers "to give priority to works to be established under the overall plan for the district to those areas which need protection for the safeguarding of human life."

Ben Herr, chief engineer of the Okeechobee Flood Control District, which became defunct Sunday midnight, presented its assets of \$23,500 to the FCD board and explained another \$11,000 will be forthcoming from the US Engineers for monies collected in condemnation suits a year ago.

The FCD instructed Mr. Wallis to prepare a resolution asking the Engineers to make a soil survey of those parts of the district not already surveyed.

Wareing T. Miller, attorney, informed the board he will appear in Federal Court, Miami, Wednesday morning, to request distribution of \$18,000 in bankruptcy cases to the Everglades Drainage District, to be applied against the debt service fund.

Chairman Dave Turner announced the board, in an effort to keep the public informed of its activities and to allow the public to be present at its meetings, will conduct its future meetings at different points throughout the district.

He set the next meeting for Sept. 3 at Kissimmee. — Palm Beach Times.

9 Swimming Pools In County Are Oked By Co. Health Unit

Following is a list of approved swimming pools and bathing places in Palm Beach County for the month of August.

Inlet Court Hotel, Palm Beach Shores.

Seaspray Beach Club, Palm Beach.

Camp Margery Daniels, Jupiter.

Coral Beach Club, Palm Beach.

Lake Worth Casino.

Delray Beach Casino, Delray Beach.

Lido Pools, Palm Beach.

Mayflower Hotel, Palm Beach.

Sun and Surf Club, Palm Beach.

As more of the pools and bathing places in the county comply with the requirements of the Florida State Sanitary Code and the County Health Department, they will be included on the approved list. Any pool interested in complying with the regulations should contact the Palm Beach County Health Department in the Board of Health Building, West Palm Beach, Florida. — Burton F. Austin, M. D. Director.

Bahama Labor May Not Be Needed In Florida This Season

ORLANDO — Increasing unemployment of farm workers in the South-eastern states has caused Employment Service officials to question the need for supplementary Bahaman farm labor in Florida after Oct. 1. The Florida Fruit & Vegetable Association has pointed out many times to Employment Service that mere numbers alone do not solve the farmer's problem, but that the worker must be willing to accept employment in growing the crops at day wages if he expects to be able to get big harvest wages.

Certification for Bahamians beyond October 1 is unlikely unless farmers conclusively show Employment Service they cannot successfully operate without them.

FFVA has arranged a series of meetings at Fort Pierce, Belle Glade, Pompano and Homestead, Aug. 15-18, in order to permit farmers to present Employment Service farm placement officials with their side of the problem. These will be night meetings. The exact time and place will be announced later.

Mr. and Mrs. J. T. Strickland have returned from a visit in Bessemer City, N. C.

Mr. and Mrs. G. S. Tibbets and daughter, Jerry, and Mrs. Cecil Gray and sons have returned from a visit in Magnet, Neb.

Mrs. J. R. Pickren has gone to Georgia for a visit with her sister and other relatives in Thomasville.

Okeechobee Flood Control District—Its Work Completed—Is Disbanded

One of South Florida's major projects—the Okeechobee Flood Control District—passed out of existence last Saturday.

It will be swallowed up by the gigantic southern and central Florida Flood Control District, which also will eventually take over the Everglades Drainage District.

The Okeechobee district, created by the legislature in 1929, embraced some 12,000 square miles and 12 counties, including nearly all of Florida peninsula south of the northern rim of Lake Okeechobee, except the Florida Keys.

The newer, larger district will cover all or part of 17 counties covering 15,000 square miles and is expected to bring an additional 7,000,000 new acres into cultivation.

During its 20 years of existence, the Okeechobee district aided in spending approximately \$25,000,000, a paltry sum compared to the \$208,000,000 planned for the new project.

The money was spent for "protection to life and property against the flood waters of Lake Okeechobee, Caloosahatchee River and vicinity."

The district grew out of the destructive 1926 and 1928 hurricanes. The 1928 storm smashed into the Miami-Hollywood-Fort Lauderdale area, causing tremendous damage then roared northward to churn Lake Okeechobee and kill more than 400 persons in the Moore Haven area. It left 6,000 persons injured and property damage estimated at \$100,000,000.

The 1928 hurricane struck at

Palm Beach, swept over the lake region and left about 2600 dead and \$75,000,000 property damage.

The legislature convened the next April and in September the Okeechobee flood control board held its first meeting here. A permanent office was established.

The Corps of Army Engineers entered the picture and Congress adopted construction of the flood control project as recommended by the corps. The state contributed cash and land but the Federal Government bore a large portion of the total cost.

First construction was in the Caloosahatchee River area in November, 1930. Work reached a peak in 1934 and 1935 on locks, culverts, levee and channel improvements.

The cross state channel was opened in March, 1937, and the entire original project completed a year later. Subsequently Congress authorized the St. Lucie lock and bypass and this was opened in 1941.

The giant levee on the east and south sides of Lake Okeechobee is 85 miles long. It effectively prevents overflow of the big lake, even during hurricanes.

Since the war the Okeechobee Flood Control District has been fairly dormant and former Secretary Ben Herr said the district now has no debts, no lands and only a small bank account.

Thus the organization which played a vital part in making the Okeechobee area safe and prosperous has passed into history, giving way to a larger and vastly more ambitious undertaking.

State Newspaper Speak Kindly About Appointment of Roberts To High Court

Governor Warren's appointment of B. K. Roberts of Tallahassee to the Supreme Court has received universal endorsement by Florida editors.

The Fort Myers News-Press predicted that Roberts will not have opposition for endorsement at the polls when he runs for election to the court in 1950.

Following are excerpts from some of the editorial comment about the appointment:

The Miami Daily News: "While Dade countians will regret the resignation of Justice Paul D. Barns from the Florida Supreme Court, they will see in his successor, E. K. Roberts, a man well qualified for this high judicial post. All Florida will be looking forward with high expectation to Roberts' service on the bench. They will expect much of the new Justice, and his past records indicate that they will not be disappointed."

Fort Myers News-Press: "The new Justice is widely acquainted throughout the State and greatly respected among associates in the legal profession. As the Governor remarked in announcing the appointment of Mr. Roberts 'He brings to the Supreme Court an intimate knowledge of the problems and the thinking of the present-day practicing attorney.' That accurate appraisal is a high recommendation and lawyers everywhere will applaud the choice. It is freely predicted that the new Justice's qualifications are such that he will have no opposition for endorsement at the polls and that he will adorn the State Supreme Court for as long as he cares to discharge the duty."

Tampa Tribune: "Mr. Roberts is esteemed as a progressive citizen and an able lawyer."

The Pensacola Journal: "His ascension to the Supreme Court betokens a steadily rising career for a young man—only 42—with a position of honor, trust and great responsibility. x x x The Governor has made a happy appointment and it is certain that the new Justice will serve with honor and distinction."

The Orlando Sentinel: "We think the appointment of B. K. Roberts is one of the most outstanding achievements of our young Governor. Now that Mr. Roberts has for-

saken his profitable legal business to serve the taxpayers of Florida, will he be re-elected to that position next year? Well, in all the history of Florida only one member of the Supreme Court offering for re-election has ever been defeated. And a man so qualified as Justice B. K. Roberts should have no fears about the hazards of politics in that high place."

The Jacksonville Times Union: "Mr. Roberts' sacrifice to service lies in the fact that he is leaving a highly lucrative law practice—a place of much distinction among members of his profession—to take up the hard and confining duties of a Justice of the Supreme Court. Again the public sees a good man yielding to the higher impulses that call for service above self, in fact that augurs well not only for Mr. Roberts but for all Florida. As long as there are men thus governed in their activities, Florida's future will be properly safeguarded."

Tallahassee Democrat: "The new position will mean a considerable sacrifice financially. It will mean less personal freedom. It will mean grave responsibilities on the bench and more personal obligations by virtue of the position. We are confident that Justice Roberts will serve the State with distinction."

John T. Pickett is taking a two weeks' training course in engineering at Fort Jackson, S. C.

Rev. and Mrs. Robert Johnson are attending the Church of God Bible School at Wimauma Lake.

Harry Waldschlager is ill in the Good Samaritan Hospital at West Palm Beach.

Ensign Edwin Rice is on a two weeks' training course of the U. S. Naval Reserve.

Mr. and Mrs. James G. Thomas, Jr., are expected to return home this week after spending the summer in California.

Mr. and Mrs. Paul Watson and children have returned from a two weeks' visit with relatives in Statesboro, Ga. Enroute home they also visited Mr. and Mrs. H. L. Jaudon and family in Wauchula.

Christian Science Society

CHURCH OF CHRIST, SCIENTIST

"SPIRIT" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, August 7.

The Golden Text is: "O Lord, thou hast searched me, and knowest me. . . Whither shall I go from thy spirit? or whither shall I flee from thy presence?" (Psalms 139:1, 7).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thou sendest forth thy spirit, they are created; and thou renewest the face of the earth. The glory of the Lord shall endure for ever: the Lord shall rejoice in his works" (Psalms 104:30, 31).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Spirit, God, has created all in and of Himself. Spirit never created matter. There is nothing in Spirit out of which matter could be made."

For, as the Bible declares, without the Logos, the Oeon, or Word of God, "was not anything made that was made." Spirit is the only substance, the invisible and indivisible infinite God" (335:7-13).

Miss Kansas Todd, Mrs. Nola Smith and Mr. and Mrs. Tiny Todd and daughter, Paula, have returned from a visit with relatives in Mississippi.

The Methodist Church Canal Point, Florida

Rev. Earl J. Jones

Morning Worship 11 a. m.
Sunday School 10 a. m.
M. Y. F. 6:45 p. m.
Evening Service 7:45 p. m.
Prayer Service Wed. 7:30 p. m.
Choir Rehearsal Wed. 8:30 p. m.

A most cordial invitation is extended to all to worship with us each week. If you have no church home or if you are visiting our community, come and worship God in a warm and friendly atmosphere. Sermon topics for Sunday are as follows: Morning "Why Some People Become Magnificent" Evening "The Woman of Samaria Judgement." A spirited song service precedes the evening service. The choir will sing and there will be special duets and solos.

Vacation Bible School will be conducted in the Church school building August 15-25. There will be teachers for all age group 3-14 years. Bring your children so that they may receive this added study of the bible. As a child is taught in the tender years, and as the wealth of biblical knowledge is stored in the sub-conscious mind, in later years when facing life this knowledge can be called forth and will be a basis upon which they may fall back upon.

WMU OFFICERS NAMED

Local members of the Baptist WMU who were elected officers of the Palm Lake Association at a recent meeting of the Westside Baptist Church in West Palm Beach included Mrs. G. Lawton Sims, Mrs. M. J. Sapp, Mrs. Charles Maxson and Mrs. J. S. Chastain of Canal Point and Mrs. Horace Unwin of Pahokee.

All Florida Beef Served In Restaurants Must Be Labeled "Produced In Florida"

TALLAHASSEE — State Hotel Commissioner James T. Landon issued a statement today calling to the attention of all Florida restaurants a Bill passed by the 1949 Legislature, which "prohibits the sale of beef produced and slaughtered in Florida, either cooked or raw, unless plainly marked 'Produced in Florida' or 'Florida Beef.'"

Landon stated that the Bill covered beef sold by any eating place in Florida, as well as by a packing house or meat market. He emphasized that restaurants or other eating places advertising their meals or food by menus or otherwise are "required to plainly advertise Florida beef as being such." Commissioner Landon said that obviously the inspection of both the beef and the advertising material of Florida's 12,000 restaurants place a tremendous responsibility on the Hotel Commission. He stated that although the Legislature failed to appropriate any funds for the enforcement of this Law, his Chief Deputy W. A. (Jack) Weatherford was preparing instructions to the field force and that the Commission could be depended upon to do everything within its power to enforce this Act, which becomes effective August 1st, 1949. Landon asked the cooperation of all restaurant operators in this enforcement task.

Mrs. Earl M. Meredith and son, Earl Douglas, are visiting her daughter, Mrs. Marian Eunice, and children in Columbus, Ga. Mrs. Meredith's sister, Mrs. Willard Smith of Lake Worth, is in charge of her dairy and poultry business during her absence.

I. J. Frasure, veterans service officer serving the Glades, is off on a vacation. During his absence and in case of emergency those desiring to transact business with his office should call Pahokee 547.

Thad Whidden was a guest of Mr. and Mrs. H. L. Jaudon in Wauchoula while a business visitor in that city Monday.

Mrs. R. W. Bowers and daughter, Blanche Elizabeth, of Pinecastle will arrive in Pahokee this weekend for a visit with her brother-in-law and sister, Dr. and Mrs. L. W. Armstrong.

Mr. and Mrs. Emmett P. Holt and children have moved into the Ridenour residence on Bacom Point Road.

Mr. and Mrs. Inman W. Weeks returned last week from a visit with relatives in Durham, N. C., and North Florida.

South Bay American Legion Starts Construction Of Modern New Home

If you, gentle reader, don't know the meaning of the word co-operation, you should visit the fair city of South Bay and see what a handful of American Legion members are doing in the way of erecting a new Legion Home. All 38 of the members have been working "tooth and nail" for nearly three years in an effort to round up enough money to finance the new building.

The Legion boys have been helped, aided and assisted on every hand by the whole populace of South Bay at one time or another during the three years. Barbecues have been given and cash profit realized. A car was raffled off and a neat sum shown as profit. When the building is complete every citizen of South Bay can point to it and say "I helped build it."

Other towns contemplating a like building can certainly take lessons from the South Bay boys. Donated labor and material is being used along with a certain amount of cash on hand from their cash-raising ventures.

Officially the American Legion Post 161 broke ground last week for the new Legion Hall to be erected on two lots on Canal St. facing the North New River canal.

The building will be 40 by 60 feet in size, of concrete block construction, with stucco on the exterior and plastered on the interior. The hip style roof will be tile. All work will be done by the Legionnaires under the supervision of a Belle Glade contractor.

It will house a dance floor and auditorium, office, kitchen and rest rooms. Interior trimmings will be in glass brick, and a snack bar will be installed.

Present plans call for erection of the side walls, roof and floor this summer to put the building in a usable condition. Funds for this work are now available. Later funds will be raised to finish the building inside and purchase equipment.

The building committee consists of Sam E. Henderson, Carroll Warren, Frank Wilson, Oneal Walker and Eugene Hardy.

The South Bay Post has 38 members from South Bay, Bean City and Lake Harbor.
